

U TECH Pipe Section Mat MT 7.0 G1

The **ULTIMATE** solution for efficient large-diameter industry pipe insulation

ULTIMATE U TECH Pipe Section Mat (PSM) MT 7.0 G1 is the ultra-efficient and fast solution to insulate large-diameter industry process pipelines with external diameters greater or equal than 324 mm (12") with a maximum service temperature of 620°C. The length and the V-shaped cuts of the PSM are adapted to the final diameter and thickness of the pipe insulation, leaving no thermal bridges once installed. A glass woven fabric facing improves the mechanical resistance during and after installation.

The product is delivered space-saving flat on pallets, but can be ordered like a pipe section indicating diameter, thickness and linear meter of pipe insulation. Pre-cutted parts to form elbows and connections are available on request. U TECH PSM MT 7.0 G1 is produced in AS-Quality (CL- ≤ 10 ppm) for usage in contact with austenitic steel pipes. On request with black glass fabric (G1).

ENERGY EFFICIENCY

Thermal performance for service temperatures up to 620 °C with up to 35 % better efficiency

HIGH SERVICE TEMPERATURES

Especially designed for high service temperatures up to 620 °C

COST EFFECTIVE SOLUTION

Thermal performance combined with lightweight provides installation time saving and less heat loss costs

THIN SOLUTION

Personal protection and heat loss requirements achieved with up to 35 % less insulation thickness than standard solutions

FIRE REACTION

Non-combustible, Euroclass A1 for effective fire protection on industry sites

U TECH Pipe Section Mat MT 7.0 G1

CHARACTERISTIC	SYMBOL	UNIT	QUANTITIES AND DECLARED VALUES								STANDARD
Thermal conductivity	T	[°C]	50	100	150	200	300	400	500	600	EN 12667 EN ISO 13787
